Language, Mathematics
In Alaskan homes, non-profits, correctional institutions,
villages and Municipalities

SPECIAL INTERESTS:

Aquacize Instructor, grandchildren, solving problems

OTHER:

My three children attended Oceanview Elementary and
enjoyed Whittier when their dad worked for the Alaska
Railroad.

STATEMENT:

The Alaska Railroad runs from Dimond Boulevard in
Anchorage along the Seward Highway between Oceanview
and the Hillside, through Indian, Bird Creek, along Turnagain
Arm, Girdwood and through the Tunnel to Whittier,
connecting District HD10 with HD9 to form Senate E, one
of the most beautiful, wonderful, and challenging places on
Earth and my home.

Our responsibility is to maintain the beauty and wonder while
living here: To value all resources, including our fish, people,
Permanent Fund, Alaska Constitution, the Ports of Whittier
and Alaska, and the connecting transportation corridor.

I am running for a better Alaska for our kids and grandkids.
They need public education so good they can get into any
private school, training or career they want.

Our government should support Alaskan businesses
while protecting us and our environment. With an M B A,
experience working for a U S Senator representing Alaska,
and as a Certified Tax Advisor for Small Business, I cut
through red tape.

We all need to be healthy. I was in an Alaskan Village as
a VISTA helping the public health nurses when they visited
monthly to test us for T B and eradicate it in Alaska. Alaska
Public Health Service needs to be expanded, not cut.

Affordable housing is critical. Alaskans build houses and
worksites in the most challenging environment on earth.
Our construction workers know how to test for pollutants
and clean air and water. And our officials need to make it
happen.

Vote as if your life depended on it. Our children's do.
